

DELABIE

1st of August 2016,

On an everyday basis, BM Management Consultant is doing a great job to help us in focusing on our main sales target in the UAE. We decided to outsource accounting, administrative and legal aspects to Gaenelle and her team. We benefit from a dedicated team, always anticipating the needs and available. As a French group with a small local team in the UAE, BM Management Consultant was able to tailor its offer to our way of working. I warmly recommend!
